

DUESSE SERVICE was founded in 1995 in Capurso, in the province of Bari, as a supplier of products and solutions to primary and certified national and international companies. Founded by the Signorile brothers, Nicola specialized in the administrative-commercial management of the irrigation and industry branch and Gennaro specialized in branch of aqueducts and water purification, together they face the national market with a direct Mission to a complete customer service at 360°.

In 2021 the paths cross with the Caroli brothers and in the corporate structure of Duesse Service S.r.l. Michele Caroli S.r.l. joined, and the company was moved to the industrial area of Modugno (Ba), Duesse Service married the Vision of the brothers Alessandro and Michele Caroli with the intention of increasing and consolidating its international presence by optimizing its Web portals as a point of reference for customers, thus widening the range of products to complementary sectors.
